

Plain Language & Simplified Words Guide

A Clear Translation Guide: Difficult Technical/Legal Jargon → Simple Human Words

PURPOSE OF THIS DOCUMENT:

Government infrastructure, legal statutes (CVC Section 88, MoSPI, GFR 2017), and artificial intelligence systems often use complex, academic, and 'professor-level' words that are difficult for an everyday citizen or non-expert to understand. This guide translates all 24 technical, financial, and mathematical terms used throughout **MPLAD-TRACE 360** into crystal-clear, friendly, plain-English human language.

1.0 Field Inspection & Mobile Outbox (Ground Operations)

#	Difficult Academic Word (Old / In System)	Simple Human Word (New / Plain English)	Where It Appears	Why It Was Confusing / Plain Meaning
1	Concordance Verified	Match Confirmed (Both Agree)	Inspection toast & badge	'Concordance' is formal Latin legal jargon. Simple meaning: <i>Did both field officers agree on the progress?</i>
2	Collusion Alert Triggered	Cheating / Fraud Warning	Alert popup & red banner	'Collusion' is high-level legal speak. Plain meaning: <i>Someone is trying to fake or inflate work to steal money.</i>
3	Double-Blind Dual-Inspection	Two-Officer Independent Check	Inspection header & audit tabs	Sounds like a clinical medical drug trial. Plain meaning: <i>Two separate engineers inspect without seeing each other's score.</i>
4	Ground-Zero Milestone 0 Baseline Lock	First Site Photo (Locked)	Inspection camera screen	'Ground-Zero' sounds like military defense talk. Plain meaning: <i>The first photo of empty ground before digging begins.</i>
5	Ground Outbox Queue	Offline Saved Inspections	Drawer title & sync badge	'Outbox Queue' is technical email server terminology. Plain meaning: <i>Inspections saved on phone while waiting for network.</i>
6	Zero Latency	Instant (No Waiting Time)	Button subtext	'Latency' is computer networking language. Plain meaning: <i>Saves in 1 millisecond without lagging or freezing.</i>
7	Geofence Drift Variance	Distance From Site (Location Check)	GPS location bar	'Geofence drift variance' sounds like aerospace physics. Plain meaning: <i>Is the officer really standing at the project site?</i>

2.0 AI & Risk Scoring (The Brain & Formulas)

#	Difficult Academic Word (Old / In System)	Simple Human Word (New / Plain English)	Where It Appears	Why It Was Confusing / Plain Meaning
8	Fiscal-Physical Disparity (Δ)	Money Spent vs Work Done Gap	7-Factor Risk Cards & Curves	Ministry economics terminology. Plain meaning: <i>Did they take 80% of taxpayer money when only 30% of building is built?</i>
9	Discrepancy Delta (Δ)	Difference / Gap	Risk breakdown & alert cards	'Delta' is a Greek mathematical symbol. Plain English: <i>The difference or gap between two numbers.</i>
10	Autonomous Surveillance Findings	Automatic Check Results	PDF dossiers & AI Risk page	Sounds like CIA satellite spy monitoring. Plain meaning: <i>What the computer found after scanning the project.</i>
11	State Schedule of Rates (SoR)	Government Fixed Price List	Tender Oracle & Contract cards	Non-engineers do not know 'SoR'. Plain meaning: <i>The standard government rate card for cement, bricks, and labour.</i>
12	Abnormally Low / Predatory Bidding	Rejected: Price Too Low (Risky)	Tender evaluation badge	'Predatory bidding' is college antitrust language. Plain meaning: <i>Quoting dangerously cheap prices to win, then abandoning.</i>

3.0 Contractor & Contract Tracking

#	Difficult Academic Word (Old / In System)	Simple Human Word (New / Plain English)	Where It Appears	Why It Was Confusing / Plain Meaning
1 3	Contractor Intelligence & Performance Dossier	Contractor Track Record & History	Page title & navigation bar	'Intelligence Dossier' sounds like secret police files. Plain meaning: <i>Summary of how many works the contractor finished or delayed.</i>
1 4	Defect Liability Period (DLP)	1-Year Repair Warranty	Project cards & contractor profile	Citizens and clerks don't know 'DLP'. Everyone understands <i>Repair Warranty (Fix cracks/leaks for free for 1 year).</i>
1 5	Running Account (RA) Bill / e-MB	Current Work Bill / Digital Measurement Book	Contractor portal & bill lists	Technical accounting abbreviations. Plain meaning: <i>Official bill submitted for work finished so far.</i>
1 6	Portfolio Saturation / Overload	Too Many Works Given to One Firm	Contractor risk card	'Portfolio saturation' is finance textbook jargon. Plain meaning: <i>Contractor took too many works and can't finish on time.</i>
1 7	Performance Bank Guarantee (PBG)	Contractor Security Deposit (Bank Guarantee)	Guarantees page & badges	'PBG' is legal-financial jargon. Plain meaning: <i>Cash deposit kept in bank that government can seize if contractor runs away.</i>

4.0 Alerts, Finance & Legal Terms

#	Difficult Academic Word (Old / In System)	Simple Human Word (New / Plain English)	Where It Appears	Why It Was Confusing / Plain Meaning
1 8	Freeze Escrow Disbursements	Put Payments on Hold (Stop Money)	Alerts statutory action bar	'Escrow disbursements' is high finance jargon. Plain meaning: <i>Lock the bank account so no corrupt money is paid out.</i>
1 9	Issue Show-Cause Notice	Send Warning Letter (Explain or Face Penalty)	Alerts statutory action bar	Most people don't know what 'Show-Cause' means. Plain meaning: <i>Give contractor 7 days to explain why they shouldn't be punished.</i>
2 0	Liquidated Damages (LD)	Late Delay Fine	Disputes table & contract cards	'Liquidated damages' is high-court legal jargon. Plain meaning: <i>Deducting 0.5% fine every week the work is late.</i>
2 1	Arbitration & Conciliation	Dispute Settlement Meeting	Disputes timeline	'Conciliation' is legal terminology. Plain meaning: <i>Formal negotiation meeting between Collector and contractor to resolve fight.</i>
2 2	Whistleblower Bounty Registry	Secret Corruption Report & Cash Rewards	Citizen grievance page	'Bounty registry' sounds like wild west movies. Plain meaning: <i>Citizens secretly report theft and get cash rewards when proven.</i>
2 3	Tamper-Evident System Audit Trail	Permanent Activity Log (Cannot Be Changed)	Sidebar & audit page	Cybersecurity phrasing. Plain meaning: <i>Every click, bill approval, and edit is permanently written and cannot be erased.</i>
2 4	Attestation Block	Signatures & Approvals	Official PDF reports	'Attestation' is bureaucratic Latin. Plain English: <i>Signature and official stamp of the inspecting engineers.</i>

HOW TO USE THIS REFERENCE:

Keep this PDF handy during presentations, jury evaluations, or citizen interactions. Whenever a user encounters a formal statutory term (like *Concordance Verified*, *DLP*, *Fiscal-Physical Disparity*, or *Liquidated Damages*), this guide provides the instant everyday human translation.
